

MEET THE HALOBED™

The newly upgraded HaloBed™ is the leading multi-functional Dry Salt Therapy bed on the market. The HaloBed™ is a very luxurious and excellent solution for those who prefer privacy, want deep relaxation and/or need an extra boost of salt for skin issues such as psoriasis, eczema, and rashes. The HaloBed™ features the upgraded, state-of-the-art HaloFX™ Halogenerator. It offers reliable and adjustable programming functionality that can be customized to suit any individuals' wellness needs. The HaloFX™ uses only pure pharmaceutical grade salt which is gently heated making it extra dry for a more efficient session. Once the salt is placed into the Halogenerator, it is finely crushed into microscopic particles and dispersed into the salt bed environment. Use with or without the leg rest. Place a bath sheet or towel directly over the heated Himalayan salt (not included) and have the guest lay directly on the bath sheet. This adds another level of relaxation and comfort as they sink into the Himalayan salt and feel warmth from their heated stones permeate the body.

PROUDLY SUPPLYING

WHAT CUSTOMERS ARE SAYING ABOUT HALOTHERAPY :

"I feel in love with salt therapy from my very first session and had to add it to my other wellness services. Halotherapy Solutions made the process so quick, simple and easy for me, even from Mexico City!"

- Alex, Owner

ABOUT HALOTHERAPY SOLUTIONS

Steve Spiro, CEO

Halotherapy Solutions is the leading B2B provider of Dry Salt Therapy (also referred to as Halotherapy) products and services globally.
